

Better, Smarter Workspace Refreshments

Our Purpose

To create environments that fuel ideas, connect coworkers, and help companies become communities. We want to help the UK's best businesses create workplaces where people want to be.

Our mission is to...

**Streamline
processes**

**Enhance employee
wellbeing**

**Create sustainable
solutions**

Micro Markets

Coffee Machines

Water Systems

Smart Vending

Our partners make a difference

GRIND

We have partnered with Grind to deliver premium, sustainable coffee.

Together, we bring ethically sourced beans from sustainable farms worldwide, roasted to perfection at Grind's London roastery, straight to your workplace.

CHANGE *Please*

An award-winning social enterprise that combats homelessness by training individuals as baristas, providing living-wage jobs, housing support, and therapy services

Ecologi

We support reforestation through our tree planting scheme. We also measure the carbon footprint of our operator routes.

6 bags of
beans sold = 1 tree
planted

We're proud to have donated over

£28,000

worth of surplus fresh food in 2024
to local food banks through our
Fare Share partnership.

Product Spotlight

Aquablu

Boost wellbeing

Good hydration can boost productivity by 14%*.

Boost Vision Fridge

What are the key benefits of a smart fridge?

- Completely modular solution
- Fresh food with dietary and allergen-friendly options, fully compliant with Natasha's Law
- Customisable UI and branding
- Boosts engagement through timed promotions
- Smart apps, employee reward schemes and much more

"The Boost Vision Fridge makes lunchtime easy! I love the fresh options and the smart meal deals save me time and money"

Jonny | Workplace Manager

The London Fire Brigade HQ

Building on their strong sustainability track record, The London Fire Brigade approached Vending Sense to install and manage a sustainable micro market solution for staff at their Southwark HQ.

Challenge

- Needed flexible catering for staff working irregular shift patterns
- A sustainable solution required
- Dietary/healthy options required
- The catering service was expensive and limited

Solution

- A fitted sustainable micro-market
- This included smart fridges, fresh food, drinks and barista quality coffee machines
- There is now 24/7 access to refreshments, enhancing productivity
- Aligning with their sustainability goals through ethically sourced coffee and recyclable cups

Get in touch today

Our friendly team has over 20 years of industry experience, helping support you from enquiry to install.
